# General talks & panels

Discover the broader landscape where industry experts engage in insightful discussions and talks, providing a comprehensive overview of key trends, challenges, and opportunities in the dynamic world of blockchain and Web3 technology.

# Deep dive talks

---

A full-day track of presentations and lectures by the leading experts in the industry. Learn ways to develop Web3 products. In the new era of software innovation, it is crucial to follow new advancements in technology that are being made every day.

# Startup stage

A dedicated stage for cutting-edge ideas competing for spotlight, cash prizes and the opportunity to talk to potential partners & clients.

# DeSci Track

---

A one-day track for Decentralized Science is a unique opportunity for scientists, researchers, and blockchain enthusiasts to come together and explore the potential of decentralized solutions to advance scientific discovery and innovation.

# EXPO

Running along the conference will be an expo of Web3 projects and solutions.

Elevate your brand's visibility and connect with a diverse audience in our vibrant Expo Space, the beating heart of innovation where leading companies showcase their products and services.

# MEETUPS PARTIES BOAT TRIP

Experience the thrill of our exclusive side events, showcasing sensational after-parties, collaborative meetups and a picturesque boat trip.

# Location

Step into the heart of innovation in the Mediterranean Flower, the charming city of [Split, Croatia](#). Join us for an unforgettable conference amid the scenic beauty and cultural richness.
